| Course | Research in Empowerment Informatics III |
|---|---|
| Course No. | 02RB103 |
| Credits | 4.0Credits |
| Grade | 3Year |
| Timetable | Annual by request |
| Instructor | All the Advisory Professors |
| Course Overview | We supervise students on their research topics in empowerment informatics, and require students to give presentations. |
| Remarks | Only students of the PhD program in Empowerment Informatics are allowed to register. |
| Course Type | class exercises |
| Course Remarks | |
| Relationship to EMP Educational Objectives | It is related to the cultivation of "research ability" based on outstanding creativity |
| Course Objectives | Acquire the logical expressiveness and presentation skills of the research themes of empowerment informatics |
| Course Schedule | Students cultivate their research ability in each research theme of empowerment informatics based on the instructions from each supervisor and multidisciplinary research advisory team. Additionally, they improve their presentation ability for communicating their research achievements to the world.<br>1) |
| Graduating Methods and Criteria | Students are evaluated by the achievements of course objectives. |
